JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

# Public Health Reports.

(Formerly "Abstract of Sanitary Reports.")

Treasury Department, United States Marine-Hospital Service. Published in accordance with act of Congress approved February 15, 1893.

---

VOL. XI.      WASHINGTON, D. C., SEPTEMBER 18, 1896.      No. 38.

---

## UNITED STATES.

[Reports to the Supervising Surgeon-General United States Marine-Hospital Service.]

### *One case of smallpox in Tennessee during August, 1896.*

NASHVILLE, TENN., *September 9, 1896.*

SIR: During the month of August there was reported 1 case of smallpox in Tennessee, viz, at "Camp," located a short distance from the town of Covington, in Tipton County. This case was colored and received prompt attention from the local health authorities.

Very respectfully,

J. BERRIEN LINDSLEY, M. D.,  
*Secretary and Executive Officer State Board of Health.*

### *One case of varioloid in Omaha, Nebr.*

OMAHA, NEBR., *September 7, 1896.*

SIR: I have the honor to report a case of varioloid in a resident of this city; exposure yet unexplained. House quarantined. All exposed, as far as ascertained, duly vaccinated.

Very respectfully,

J. W. BLYTHIN, M. D.,  
*Health Commissioner.*

### *Health report of Chattanooga, Tenn.*

CHATTANOOGA, TENN., *September 3, 1896.*

SIR: I beg leave to report the health of the city of Chattanooga for month of August as exceptionally good. Diseases most prevalent during the month were malaria, typhoid fever, and dysentery, with 1 case of diphtheria reported, which recovered.

Very truly,

T. S. Cox,  
*Clerk of the Board of Health.*
